I am the original and only owner of the car seat.

The car seat has a label with date of manufacture and model name/number.

The car seat is less than 5 years old.

The car seat has a label showing that it meets all Federal Motor Vehicle Safety Standards.

The seat has not been recalled for a safety defect. If it was, the defect has been corrected.

The seat has not been involved in a vehicle accident, no matter how minor.

There are no cracks, bends, breaks or defects in the plastic shell. The metal frame is not bent, broken or rusted.

When buckled, the mechanism locks securely and remains locked.

I have included a copy of the manufactures instruction booklet. A print-out from the manufactures website is acceptable.

The harness straps are not worn or frayed. There is no rust on any metal parts. The seat has all of its components.
